Dahlias for 1936

Eastwood Dahlia Gardens

James F. Coburn

31 Coolidge Avenue

AKRON, OHIO

TO OUR CUSTOMERS AND FRIENDS:

We take pleasure in presenting you this fine list of Modern Dahlias. Many of these are imported from other countries. It is our earnest desire to procure the very best dahlias possible. Our dahlias are field grown without forcing which should assure the very best quality for either exhibition or field production. Each year we remove the rogues which have not grown well, and only offer to you those varities which have proven reliable. It is our policy to continue to give to our customers the very best quality of dahlias that is possible. We have had a very successful year in 1935 and hope to continue so in 1936.

GENERAL TERMS OF SALE:

Prices. The prices quoted are for first class quality stock only. Every order placed with us must be as represented. Orders filled in rotation. Roots or plants received from us are guaranteed to be in good growing condition at time of delivery, true to name, and satisfactory to the buyer. If for any of the foregoing reasons the customer is dissatisfied, the goods may be returned to us and the purchase price refunded or replacements made at the discretion of the purchaser.

SHIPPING CONDITIONS:

All orders shipped F. O. B. Akron, Ohio. We will not be responsible for orders shipped by Parcel Post during freezing weather. Every precaution is taken to have the goods arrive in a satisfactory condition. Roots will be shipped any time to May 15. Plants May 1st to June 15th. Growers outside of the United States of America will secure the necessary permits for the importation of dahlias as requested. No orders sent C.O.D. Please do not send cash through the mails. U.S. Postal Money Orders are the safest way to remit.

Our green plants are grown in 3 inch pots or pots of larger size, under very cool conditions and are hardened off in cool frames ready to keep on growin and give our customers saticfaction. We have successfully shipped plants from coast to coast with very good results. Our method of shipping plants is unexcelled.

Abbreviations Used: F.D.—Formal Decorative. I.D.—Informal Decorative. S.C.—Semi-Cactus. I. C.—Incurved Cactus. Str. C.—Straight Cactus. B.—Ball or show Type. Pom.—Pomon. Min.—Miniature.

DAHLIA SOCIETIES: Keep up-to-date on Dahlias and Dahlia Culture. Join your nearest Society and Boost your Local Shows.

Dues to The Dahlia Society of Ohio $1.00 per year.

Subscription rate to the Mid-West Dahlia News is $1.00 per year. If you want the latest news of Dahlias in the United States and the Mid-West Shows to be held in Cincinnati, Ohio, September, 1936, and National Show, Detroit, Mich., September, 1936, send your dollar to D. O. Eldridge, Editor, The Mid-West News, 170 Talmadge St., Madison, Wisconsin.

Roxbury's Ideal - The Ideal Dahlia for 1936

For three years this dahlia has performed well in our gardens. During the season of 1935 we had ROXBURY'S IDEAL grown in severl sections of the United States for the purpose of testing the reliability of this fine dahlia. From California, New Jersey, Kentucky, Michigan, Wisconsin, as well as its home state of Ohio have we received worthy comments on the performanee of ROXBURY'S IDEAL.

Here is what Mr. D. O. Eldredge says of this fine dahlia in his roster of Meritorious dahlias for 1936 in The Mid-West Dahlia News:

ROXBURY'S IDEAL (Dane) A commercial type of a fine pink color; size 8½ to 10½ inches and a compact flower; stem 8 to 9 inches to the first leaf brackets; extra heavy foliage, very dark green, and insect resistant; height of plant 4½ feet; an early bloomer and very floriferous; flowers always facing, never on top and never an open center; will not shed petals, even in old age. Proved to be one of the most robust growers in the garden.

ROOTS $7.50 PLANTS $3.75

DAHLIA SEED

Everyone who grows dahlias either for a hobby, for pastime, for recreation, or as a commercial grower, have missed many of the thrills of dahlia culture if they have not allotted at least a small portion of their garden spot to the growing of a few seedlings. No greater thrill can be derived than from watching the development of each plant into maturity and blossom. As each plant will produce a different bloom as to color and formation, you will be making several trips per day to the seedling patch to watch the developments.

But, first of all, the most essential part in growing dahlias from seed is to secure the best seed obtainable. We believe we are very fortunate in being selected by Mr. Richard W. Petrie of Gardena, California to represent and sell dahlia seed from his gardens. Trials in our gardens from Petrie's Select Dahlia Seed has proven very satisfactory to us and we believe it will prove equally satisfactroy to you. This dahlia seed is plant ripened under California sunshine, delivered to us in sealed packets bearing the name of the grower, Mr. Richard W. Petrie, Gardena, California. No finer dahlia seed can be produced.

Varities grown by Mr. Petrie in his gardens during the season of 1935 and from which the seed for Spring Planting 1936 has been obtained are herewith recorded. Andre' Csizik, Allura, Altmark, Amelia Earhart, Andenken Carl Schone, America's Sweetheart, Analee McClure, Andrea Ericson, Ariane, Angelo Rossi, Arcturus, Atlantic City, Aztec Glory, Bette Davis, Betty Colter, Betty Rose Taylor, Betty Gould, Bubbles of Hillcrest, Calfornia Idol, Cameo, Cadet, Cavalcade, Challenger, Champoeg, Chinese Lantern, Charlie Chaplin, Chataqua Regal, City of Cleveland, and City of Jamestown, Claron, Clara Barton, Conquistador, Crofton Black, Delwood Glorious, Dr. Joseph Scheiner, Dorothy Crowell, Dot Farley, Dwight W. Morrow, Eagle Rock Gem, Edawrd Reindfleisch, Edward G. Barnes, Eleanor Roosevelt, Elegance, Elissa Landi, Entova, Entrup's Monarch, Entrup's Sultan, Eplers Gold, Excelsior, Fanny Sandt, Farbenwunder, Frances Meadows, Frigate, Froliche Pfalz, Ft. Monmouth, Franz Berger, F. W. Fellowes, Galaxy, Gebet, Gertrude Ederle, Golden Eclipse, Golden Hoard, Goodacre's Sensation, Great Harbor, Hillcrest Fluffy Ruffles, Hillcrest Mandarin, Hillcrest Nugget, Honor Bright, Irene Anderson, Iroquois Giant, James Kirby, Juantio Menacho, Jersey's Autumn Beauty, Jersey's Beacon, Jersey's Dainty, Jean Dew, Jugendpracht, Kay Francis, Kentucky Red, Kismeth, Kurt Englehart, La Fiesta, La Reina de Los Angeles, Laurentic, Lemonia, Lilac Glory, Lyman Stewart, Man O' War, Mastodon, Mary Elizabeth Redfern, May Robson, Mary I. Reeser, Mary Seger, Mlle. Helene Moissat, Mrs. Geo. LeBoutillier, Monmouth Radiance, Mrs. Bruce Collins, Mother's Day, Monmouth Pennant, Marjorie Cole, Nira, Occuli, Palo Alto, Paul Pfitzer, Pauline Armstrong, Pauline James, R. A. Meritorious Dahlias from the Recent Honor Roll and Certificate of Merit Winners

OAKLEIGH MONARCH (HOOK)-

Grow this new triple Honor Roll — Certificate of Merit Dahlia. Oakleigh Monarch is all that the name implies—a big, broad-petaled formal type that has created a sensation wherever grown and exhibited.

It is truly a beautiful color—a clear, brilliant cerise red,—quite unlike any other introduction of recent year, and the keeping qualities, for such a large Dahlia, are remarkable. By actual test, blooms of Oakleigh Monarch have kept for seven to ten days in perfect condition.

Oakleigh Monarch scored 86.9 at A. D. S. Trial Grounds, East Lansing, Mich., in 1935, and was one of the most outstanding new varieties on trial. We quote herewith part of official Trial Grounds report: "Flowering habit very good. Stems, straight and strong. Substance, excellent. Keeping qualities, splendid, long lasting. Habit of plant, heavy, vigorous gorwth, thick densely branching. Health, excellent. Diameter of flowers, 8-11 inches; depth, 4¼-7 inches. Height of plant, 4-5 feet. One of the best".

In addition to an outstanding record at East Lansing Trial Ground, this remarkable new Dahlia was grown and tested by eleven unbiased and critical growers in various sections of the country who unanimously reported it as distinct in every respect. Because of its ideal stems, rugged plant growth and perfect form, size and color, a splendid future is predicted for the new Monarch of all Dahlias.

We personally saw this wonderful dahlia growing in the Trial Grounds at East Lansing, Michigan and agree with Mr. Hook that this dahlia is all that he says it is. We recommend this one to the most critical who want a show room winner in 1936.

PLANTS ONLY $5.00

CHARMER. (Lloyd's Dahlia Gardens) (Dane) 1936. ID, 10-12 ins. x 5 ins. deep; 5-6 ft tall. Zinc orange around center, then petals of Apricot yellow, blending to maize yellow. The entire flower is overlaid with a lovely sheen of apricot yellow that glistens and reflects in the sunlight.

Those who have grown and admired Jane Cowl will surely love, even more, this offspring of that famous dahlia. While the color somewhat resembles one of the occasional light shaded blooms of Cowl, Charmer throughout the season, maintains its pleasing color which we have never seen marred by even a trace of dark flushes or streaks.

Naturally large blooms are held facing on long, stiff but not too heavy or too light stems. The numerous long curled petals twist in a most enchancing manner and when fully open on the bush the back petals nearly touch the stem.

The plant growth is ideal-strong, vigorous and rugged even under averse conditions. We grew it five feet tall back on the high spot in our field with only the

rains of summer for moisture. Under irrigation it grew six to seven feet high and was among the earliest to produce exhibition blooms which were continuous till frost. Leathery dark green insect resistant foliage adds to the beauty of this charming dahlia. Good root maker and propagator.

Received Certificate of Merit (Scoring 85) at the American Dahlia Society Trial Grounds at Storrs, Conn. 1934. Scored 86 at the Ohio Valley Dahlia Association Trial Grounds, Fleischmann Botanical Gardens, Cincinnatti, Ohio, 1935. Attracted much atention in 1935 at the New York Botanical Gardens, (Bronx) New York City where it was grown among dahlias from all over the world, in Director Howe's famous Dahlia Border.

Tested and made good in New Jersey, New York, Connecticut, Virginia, Michigan, Ohio & Washington. We feel sure that a dahlia which has made good in the different soils and climatic conditions encountered in these widely scattered states will certainly prove a welcome and reliable addition to your garden .
Roots $10.00 **Plants $5.00**

LYMAN STEWART (*Petrie-Dane*) A Giant dahlia of Coral orange color. Growth of bush 5½-6ft. Very Robust, insect resistant foliage, very good stems. This is one dahlia that will draw the visitor's to your garden. No garden will be complete without it. .. Roots $10.00 Plants $5.00

CHALLENGER (*Watkins-Chappaqua*) One of the outstanding baskets at the New York Show. This basket won as the best Cactusor Semi-Cactus, also won as the best Red Semi Cactus in the color classes. The color is a brilliant Cardinal Red with gold at base of the petals, and late in the season the flower shows petaloides of gold. The plant is a nice grower with clean, open foliage, and the blooms are carried on long, strong stems well out of the foliage. ..... Plants $2.50

PRACHTKERL (*Werner*) A giant yellow Semi-Cactus variety with excellent stems. Good foliage and plant growth. This dahlia created much comment in several shows of the Mid-West and will prove even more popular in 1936. You will want this one in your garden if you want to win in the Semi-Cactus classes. ..... Plants $2.50

BALLEGO'S SURPRISE No doubt this variety is one of the finest novelties of the season. Pure white in color, of a cactus formation similar to the variety Frau O'Bracht. Selected for Trial at Wisley, a certificate winner at the Trial Gardens in Holland, Certificate first class .... Plants $5.00

BAERNE The 1935 winner of the Silver challenge cut of the Dutch Dahlia Soietcy. A cactus variety which undoubtedly merits this distinction

fully. Some of its first class qualities are the long stems, the beautiful form and the color, being Old Salmon-Rose. Very rich flowering. ..... Plants $5.00

REGINA MEURER (*Werner*) Informal Decorative in formation of a creamy yellow color, wanderful flower stems and good growing habits. ..... Plants $5.00

WHITE ABUNDANCE Winner of first class certificate at Haarlem and Amsterdam. A very massive flower of creamy white on good stems. This variety has been grown to 11½ inches in diameter. You will find this one a blue ribbon winner in many shows the coming season. ..Plants $5.00

PINK CHAMPION A remarkable fine flower, pure pink, large, regular bloom of decorative type on long strong stems. A first class certificate winner at Amsterdamand Haarlem. Plants $5.00

WEISSER RIESE (*Voit*) A giant pure white dahlia, informal in formation, which we are told by the introducer, has proven to be the champion white dahlia in Germany during the past season. A winner wherever shown ..... Plants $5.00

WELT WONDER (*World Wonder*) (*Berger*) Hugh yellow Semi-Cactus resembling a chrysanthemum in formation. Extra long stiff stems. No doubt one of the best of Berger's introductions. A certificate of merit winner. ..... Plants $3.00

SCHOENE DUESSELDORFERIN A Bi-color of exceptional merit, the color being red with white tips. Long stems. ..... Plants $5.00

HEILIGES FEUER (*Sacred Fire*) (*Berger*) A fine new dahlia of cherry red color of exceptional form and a good size. ..... Plants $5.00

GOETZ VON BELICHINGEN Giant exhibition cactus of exceptional form. The color is a velvety dark brown red. Very tight center and good stems ..... Plants $5.00

LAETARE Exceptional two-tone variety of glowing red, Tipped yellow. Extra long stems. ..... Plants $5.00

PINK SPIRAL (*Bruidegom*) Semi-Cactus variety of Peach Pink with a little yellow at base. Perfect form on long wiry stems. Award of merit in Holland ..... Plants $3.00

AUSTRALIAN NOVELTIES OF MERIT

Plants only. Stock limited. .... Price $5.00 per plant.

CONSTANCE ASHWORTH A large decorative of great merit, The large blooms being held on strong stems. Color Mauve pink. Certificate of merit N. S. W. Dahlia Society.

CROYDON JEWEL Wonderful bold dahlia of deep bronze with a peach pink undertone and salmon reverse. Perfect stiff stems.

DARCY SAINSBURY: A dahlia of immense size, prefect form and refinement. The color is purest white throughout, the blooms being deep compact and massive, with formal reflexed petals, while the depth is in correct porportion to the hugh size of the flowers. Very prolific and no forcing is required to produce large flowers. Awarded a certificate of merit by the Dahlia Society of N. S. W.

ESTELLE: A first class exhibition flower of liliac Mauve, and one that should be in every exhibitors garden. Highly recommended.

LADY MARJORIE: Wonderful dahlia of a true pink color. Size 12x6 on a perfect stem of great length. Certificate of merit by the N. S. W. Dahlia Society scoring 86 points.

MRS. ROSE FARMER: Not the largest dahlia but one of the most beautiful. The color being clear orange apricot deepening to salmon. Blooms of perfect formation and full centers on long cane stiff stems. Should be a winner on the show bench.

PLUMSTEAD BEAUTY: A magnificent formal of Heliotrope color. 10 inch blooms are produced on long stiff stems. A dahlia that will hold its own in any company. Highly recommended.

PURPLE JOY: A hugh broad petalled dahlia of Petunia Purple that holds its center right into the frost, and is in all one of the handiest decoratives that has come to us. Long stiff clean stems holding monster blooms 12 inches or more across. Easy to grow.

RIVERINA: A large rich bronze yellow. Best described as a stiff stemmed marmion. The flowers are large and stems rigid. For best results thin very lightly.

CROYDON PLAUDO: A deep and massive flower on a strong sturdy bush, with perfect stems. The color is deep buff with carmine veins on reverse of petals.

CROYDON VIDEO: White in color with long stiff stems. Good form and very large.

GILLMAN'S GLORY: A sensational variety both as to color and size. The deep well formed blooms are held erect on long rigid stems. The color is a striking red. An outstanding dahlia that should be in every exhibitor's collection.

JOYCE LAWRENCE: Here is the dahlia garden lovers have been wanting for years. It has long stiff stems that carry the blooms erect with graceful poise. Flowers of enormous size and perfect formation are all features possessed by this remarkable dahlia. In addition to these advantages, the color is one that commands attention and admiration. It is a rich deep rose suffused with lake.

LYNNESDALE SCARLET: Color reddish scarlet, which does not burn in the hottest sun. The blooms are very large and deep on long strong stems.

MR. T. T. EDWARDS: A beautiful bloom of deep, rich red. The flowers are very large, have good depth, and good substance. Stems very strong and straight. About the best of its color.

WAYVILLE BEAUTY: An exquisite pure white of largest size, great depth, and perfect formation. In spite of its enormous size the glorious blooms are carried well above the foliage on long rigid stems.

MARY SLESSOR: White Cactus variety of good size and formation.

MRS. E. R. EWINGTON: A greatly admired dahlia. The color is wine and magenta. The blooms are carried out of the bush on upright stiff stems.

SORDELLO: Large sulphur yellow flowers on very long cane-like stems. A beautiful variety that stands up well in all weather.

AMELIA EARHART (*Cordes-Eastman*) A giant Semi-Cactus of apricot buff color, winner of many prizes. ..... Roots $2.50 Plants $1.25
